(a) power
Setting-only line
Free-form linear fit
CrusherBayes
Morrell with no-load term
Constant mean
Refit power form with bounded residual
Refit power form
Bond draw, blend work index
Morrell through the origin
Engine at its shipped constants
20
40
60
held-out MAPE (%), 95% interval
(b) throughput
Engine at its shipped constants
CrusherBayes
Refit capacity base
Free-form linear fit
Capacity base with bounded residual
Setting-only line
Constant mean
10
20
held-out MAPE (%), 95% interval
